Cyfrifiadura Cwmwl yw'r term sy'n disgrifio defnyddio gwasanaethau technolegol - megis e-byst, storfa dogfennau, neu feddalwedd - dros rwydwaith megis y rhyngwyd. Un o fanteision Cyfrifiadura Cwmwl yw'r gallu i gael mynediad at y gwasanaethau hyn o amryw o leoliadau, a gan wahanol ddefnyddwyr (e.e. taliadau yn cael eu diweddarau yn y lleoliad gan yr arweinydd, a'r trysorydd yn gweithio o adref i gwblhau cyfrifon y lleoliad).

Mae'r Cylch Meithrin yn cydnabod bod yna fanteision i ddefnyddio systemau Cyfrifiadura Cwmwl. Rydym hefyd yn ystyriol o'r ffaith fod gan yr ymarferwyr dyletswydd gofal dros blant y lleoliad. Rhwydweithio Cymdeithasol

Mae safleoedd rhwydweithio cymdeithasol yn darparu gwasanaeth sy'n galluogi unigolion, grwpiau, busnesau ac eraill i rannu negeseuon tesun, lluniau a chlipiau fideo gyda'i gilydd.

Mae'r Cylch Meithrin yn cydnabod bod hyrwyddo gwaith y Cylch Meithrin ar safleoedd rhwydweithio cymdeithasol megis *Facebook*, *Twitter*, *Snapchat* ac *Instagram* yn gallu bod yn fanteisiol. Er bod y Cylch Meithrin yn cydnabod gwerth y safleoedd gwe hyn o fewn y lleoliad, rydym hefyd yn ystyriol o'r ffaith fod gan yr ymarferwyr dyletswydd gofal dros blant y lleoliad, a bod gennym ddyletswydd i ddiogelu'r plant a'r staff rhag unrhyw niwed yn deillio o gamddefnydd o safleoedd o'r fath.

- nodi'n glir pwy fydd yn gyfrifol am ddiweddarau'r manylion a rannir ar y dudalen, sef y 'gweinyddwr/gweinyddwyr'. Mae'n hanfodol bod y sawl fydd yn gweinyddu'r dudalen ar gyfer y lleoliad yn gwneud hynny yn rhinwedd ei waith yn hytrach na thrwy ei gyfrif personol. Fe fydd hyn yn sicrhau peidio cymysgu bywyd gwaith a bywyd personol y gweinyddwr/gweinyddwyr.
- llunio a gweithredu rheolau am weinyddu a chyfrannu at dudalennau rhwydweithio cymdeithasol y ddarpariaeth e.e. pa mor rheolaidd, pa fath o luniau/fideos, gwybodaeth am weithgareddau codi arian, gwybodaeth i rieni am ymweliadau, rhannu negeseuon cyffredinol am fywyd y lleoliad.
- trafod ac yn datblygu'r rheolau hyn gyda staff a rhieni'r lleoliad.

- sicrhau derbyn caniatâd penodol gan rieni os bwriedir defnyddio lluniau'r plant ar y tudalennau hyn.
- sicrhau na waherddir rhieni presennol y Cylch Meithrin rhag cael mynediad i dudalennau rhwydweithio cymdeithasol y ddarpariaeth oni bai fod rheswm penodol dros hynny. Disgwylir i chi gysylltu gyda'ch Swyddog Cefnogi i drafod unrhyw achosion neu bryderon penodol.

- atgoffa rhieni a staff am drefn **Polisi Canmol a Chwyno**'r ddarpariaeth er mwyn sicrhau y bydd unrhyw gŵyn yn cael ei chyfeirio at **bwyllgor y Cylch Meithrin/ Person Cofrestredig** yn uniongyrchol. Ni ddylid defnyddio tudalennau rhwydweithio cymdeithasol i drafod unrhyw fater sy'n mynegi pryder am y ddarpariaeth.

Mae'r Cylch Meithrin yn cydnabod dymuniad unigolion i gyhoeddi gwybodaeth ar y we yn eu hamser eu hunain. Os yw staff yn cymryd rhan yn y math yma o weithgaredd y tu allan i oriau gwaith, yna mae angen iddynt fod yn ystyriol o'u hymddygiad, cyfraniadau e.e. diweddariadau statws, lluniau ac unrhyw weithgaredd sy'n gallu adlewyrchu ar y Cylch Meithrin, yn enwedig os ydynt yn enwi'r cyflogwr yn ei phroffil.

Bydd y Cylch Meithrin yn:

- sicrhau bod staff yn deall bod dangos enw neu lun o'i hunain ar unrhyw safle gwe yn ddigon i'w adnabod fel aelod o staff y Cylch Meithrin.
- sicrhau na chaniateir i unrhyw aelod o staff i ddefnyddio offer digidol y Cylch Meithrin er mwyn cael mynediad at dudalen personol ar safleoedd rhwydweithio cymdeithasol a/neu gyhoeddi gwybodaeth ar safleoedd gwe bersonol sy'n rhannu gwybodaeth drwy gyfraniad ysgrifenedig, lleisiol neu weledol.
- gweithredu'r uchod i bob aelod o staff sy'n gweithio yn y Cylch Meithrin, boed yn aelod staff llawn amser, rhan amser, dros dro, ar brofiad gwaith neu hyfforddiant.
- disgwyl i staff i beidio danfon na derbyn unrhyw gais i fod yn 'ffrind' i rieni a gwarchodwyr y plant sy'n mynychu'r Cylch Meithrin ar gyfrif personol, oni bai eu bod yn nabod y person yn gymdeithasol y tu allan i'r cyswllt drwy'r lleoliad.
- atal unrhyw aelod o staff rhag rhoi unrhyw ddelwedd sy'n ymwneud â'r Cylch Meithrin ar safleoedd rhwydweithio cymdeithasol personol a/neu gyhoeddi gwybodaeth ar safleoedd gwe bersonol sy'n rhannu gwybodaeth drwy gyfraniad ysgrifenedig, lleisiol neu weledol.

Os yw aelod o staff yn:

- postio unrhyw wybodaeth ar y we lle gellir ei adnabod fel aelod o staff y Cylch Meithrin, neu os yw'n trafod gwaith neu unrhyw beth sy'n ymwneud â'r Cylch Meithrin neu ei fusnes, cwsmeriaid neu staff, yna mae disgwyl i'r aelod o staff gynnal ei hun mewn modd sy'n cyd-fynd â'u cytundeb gwaith a pholisïau a gweithdrefnau'r Cylch Meithrin.
- blogio neu'n sefydlu safle gwe sy'n nodi eu bod yn aelod o staff y Cylch Meithrin, yna byddant yn hysbysu'r **Person Cofrestredig / Cadeirydd / Arweinydd** ar unwaith.
- creu postiad ar flog sydd yn cydnabod yn glir iddynt weithio i'r Cylch Meithrin, ac iddynt ddatgan unrhyw syniad neu farn bersonol yna mae'n ofynnol iddynt ychwanegu datganid megis 'fy marn bersonol i yw hwn ac nid barn Cylch Meithrin (ENW'R LLEOLIAD)'.

Gall torri'r Polisi hwn arwain at achos disgyblu a gall achosion difrifol arwain at ddiswyddo yn ôl trefn disgyblu'r Cylch Meithrin.

Bydd yr achosion canlynol yn cael eu hystyried yn camymddwyn dybryd a allai arwain at ddiswyddo (bydd y Cylch Meithrin yn dilyn y Drefn Disgyblu, gweler **Polisi Staffio**). Enghreifftiau yw'r rhain ac nid yw'r rhestr yn gyflawn:

- Datgelu gwybodaeth gyfrinachol am y Cylch Meithrin drwy bostiad personol ar-lein. Gall hyn gynnwys gwybodaeth am gleientiaid y Cylch Meithrin, cynlluniau busnes, polisïau, staff, gwybodaeth gyllidol neu drafodaethau mewnol. Dylai staff barchu enw da'r Cylch Meithrin a phreifatrwydd a theimladau eraill ar bob adeg. Os oes gan staff achwyniad dilys yn erbyn cydweithiwr neu fan gwaith, yna'r drefn gywir yw codi achwyniad yn dilyn y drefn achwyniad.
- Defnyddio neu ddiweddarau blog personol neu safle gwe o gyfrifiadur y Cylch Meithrin yn ystod amser gwaith.

- Article 36: Children should be protected from any activities that could harm their development.

Code of Practice

The Cylch Meithrin recognises that developments in digital technology offer exciting opportunities for staff and children at the setting, and is committed to providing opportunities for both staff and children to benefit from appropriate and safe use of these technologies.

Although the Cylch Meithrin recognises the value of digital resources within the setting, we are also mindful of the fact that practitioners have a duty of care for children at the setting.

The Cylch Meithrin will:

- commit to increasing awareness amongst staff and parents/carers/guardians of the importance of developing safe practices in the use of digital technologies. See the 'Parents and Carers' section below for further information.
- expect staff to model good practice in the use of digital technologies and portable devices⁶.
- ensure that a password is required to access digital equipment storing sensitive information.
- ensure that no work equipment which stores sensitive information leaves the setting.
- ensure that all members of staff are aware of their responsibility to supervise children while they are using digital technologies.
- ensure that the **E-Safety Policy** is included as part of the induction programme for new members of staff.
- ensure that a safe digital environment is maintained for the children e.g. by placing parental controls on equipment such as laptops and iPads.
- expect staff to verify the appropriateness of any websites, games or apps they intend using with the children in advance.
- ensure that only **staff / volunteers / managers / committee members** know any passwords.
- clearly record who (e.g. **staff / volunteers / managers / committee members**) is allowed the passwords to access the setting's digital devices in a formal meeting (e.g. **a committee meeting**) with the decision recorded in the minutes.

⁶ e.g. laptops, tablet computers (e.g. iPad), mobile phones, memory sticks.

Parents and Carers

The Cylch Meithrin believes that parents and carers play an important role in modelling good practice in the use of digital media for their children.

The Cylch Meithrin will:

- encourage parents and carers to support the Cylch Meithrin in promoting good practice in E-Safety. This will be achieved by sharing examples of good practice, referring to resources produced by agencies such as CEOP⁷ and advertising local information sessions where available.
- ask parents to support the Cylch Meithrin in promoting good practice by following the setting's guidelines on taking and sharing images at Cylch Meithrin activities e.g. sports day, Christmas concert, on Social Networking sites. Please see the **Digital Images Policy** for further information.

Keeping and Protecting Data

The Cylch Meithrin aims to ensure that personal information regarding the staff, students on work placement, volunteers, parents/guardians and the children is kept in accordance with the statutory requirements of the 1998 Data Protection Act.

The Cylch Meithrin is committed to ensuring that personal data⁸ will be recorded, processed, transferred and made available according to the Data Protection Act 1998 by ensuring that personal data is:

- fairly and lawfully processed.
- processed for limited purposes.
- adequate, relevant and not excessive.
- Accurate.
- kept no longer than is necessary.
- processed in accordance with the data subject's rights.
- kept securely.
- only transferred to others with adequate protection.

Please see the Cylch Meithrin's **Confidentiality and Data Protection Policy** for further information.

⁸ Information Commissioner's Office: 'What is Personal Data? – A quick reference guide'

https://ico.org.uk/media/for-organisations/documents/1549/determining_what_is_personal_data_quick_reference_guide.pdf

Although the Cylch Meithrin does not recommend storing personal data on mobile devices, the Cylch Meithrin recognises that this might be necessary, depending on the technology available at the setting.

Where personal data is kept on a portable digital device, the Cylch Meithrin will:

- ensure that the portable digital device is password protected.
- ensure that the data is password protected.
- ensure that up to date anti-virus software and firewalls are operational on the setting's portable devices.
- expect that up to date anti-virus software is in place on any digital devices connected to the Cylch Meithrin's portable devices.
- delete the data from the portable device once it has been transferred to another device and/or its use is complete.

ICT Equipment and Resources

The Cylch Meithrin recognises that Information Communication Resources⁹ are part of a child's daily life. The Cylch Meithrin is committed to ensuring that children begin to understand the significance of ICT in their lives, by ensuring that staff and children are able to profit from the technology safely and effectively.

The Cylch Meithrin will:

- ensure that a safe digital environment is maintained for the children e.g. by placing parental controls on equipment such as laptops and iPads.
- expect staff to verify the appropriateness of any websites, games or apps they intend using with the children in advance, and to routinely check their suitability after their first use.
- use age-appropriate software which supports children's skill and knowledge development appropriately.

⁹ Some examples of Information Communication Technology equipment (this is not an exhaustive list): computers / tablet computers / CD players / TV / interactive white boards / digital cameras / sound recording devices / video cameras / controllable toys e.g.: BeeBot, Cars / electronic tills.

Personal Devices

The Cylch Meithrin does not advise staff to use any personal digital devices at the setting. However, the Cylch Meithrin recognises that circumstances may arise, such as on a trip away from the setting, where staff have to use their personal devices (e.g. mobile phone). Staff are expected to keep this within reasonable bounds and ask for permission in advance from the **Leader / Registered Person / Chairperson**.

Staff are not permitted to use personal digital devices at any time during work hours to:

- make / receive personal phone calls (unless it is an emergency)
- share information on a personal web-page or social networking page.
- take pictures or create videos of colleagues, parents/carers/guardians or children at the setting.

Cloud Computing ** THIS SECTION MUST BE KEPT IF THE SETTING USES THESE SERVICES E.G. GOOGLE DRIVE / OFFICE 365

Cloud Computing is the term used to describe using digital technology services – such as e-mail, file storage, or software – over a network e.g. the internet. One of the advantages of Cloud Computing is the ability to access these services from numerous locations and by different users (e.g. payments updated at the setting by the leader, while the treasurer works at home to complete the accounts).

The Cylch Meithrin recognises the advantages of using a Cloud Computing system, whilst also being mindful of the fact that practitioners have a duty of care for the children at the setting. The Cylch Meithrin is committed to supporting opportunities for the appropriate use of these technologies for the benefit of staff and children.

The Cylch Meithrin is committed to ensuring that any data kept in a Cloud Computing system is kept in accordance with the requirements of the 1998 Data Protection Act.

The Cylch Meithrin will:

- ensure that only **staff / committee members** at the setting have passwords to access the setting's Cloud Storage¹⁰ facilities.
- clearly record who (e.g. **staff / volunteers / managers / committee members**) is allowed the passwords to access specific digital files in a formal meeting (e.g. **a committee meeting**) with the decision recorded in the minutes.

¹⁰ Examples of Cloud Storage systems: Office 365 / Google Drive

- ensure that a password is required to gain access to any digital document storing sensitive information.
- ensure that each user of a Cloud-based storage system has a unique username and password.
- add and update permissions, and delete individual accounts in a timely manner. E.g. when a member of staff stops working at the setting, when a new member of staff starts working at the setting, when there is a new Chairperson on the Cylch Meithrin committee.
- expect authorised users to ensure that up to date anti-virus software and Firewalls are in place on any devices used to access the setting's Cloud Storage system.

E-mail

The Cylch Meithrin recognises that access to an e-mail account is essential for communication with parents and carers, and with representatives of other organisations and companies.

The Cylch Meithrin will:

- provide access to a designated e-mail account for use in official Cylch Meithrin communications. This will ensure separation of professional and personal life.
- clearly record who (e.g. **staff / volunteers / managers / committee members**) is allowed to send official correspondence on behalf of the Cylch Meithrin e.g. during a committee meeting or management meeting with the decision recorded in the minutes. See the form in Appendix 1.
- expect that staff use the Cylch Meithrin's official e-mail account for all official business, including communication with parents and carers.
- expect staff to ensure that all communication is carried out in a professional tone and manner.
- expect staff not to use the Cylch Meithrin e-mail account for personal communications.
- expect staff not to send unauthorised e-mails on behalf of another individual.
- remind parents of the setting's **Compliments and Complaints Policy** to ensure that any complaints are received directly by the **Cylch Meithrin committee/ Registered Person**.

Social Networking

Social Networking sites provide a service which allows individuals, groups, businesses and others to share text, photo and video clips.

The Cylch Meithrin recognises that promoting the work of the Cylch Meithrin on social networking sites such as *Facebook*, *Twitter*, *Snapchat* and *Instagram* can be beneficial. Although the Cylch Meithrin recognises the value of these sites for the setting, we are also mindful of the fact that practitioners have a duty of care for the children at the setting, and that we have a duty to protect the children and the staff from any harm deriving from misuse of these types of sites.

The Cylch Meithrin will:

- ensure that any decision to establish a page or group for the setting on a site of this type is discussed in an official meeting (e.g. committee / management meeting) with the decision recorded in the minutes.
- clearly note who is responsible for updating the details shared on the page, the page 'administrator'. It is essential that individuals responsible for administering the page for the setting do so in a professional capacity and not through a personal account. This will ensure separation of professional and personal life for the page administrator.
- develop and implement guidelines for the administration of and contributions to the setting's social networking pages e.g. how often, what type of images/videos, information about fundraising activities, information for parents about visits, sharing general information about activities at the setting.
- discuss and develop these guidelines with staff and parents at the setting.
- ensure that only the administrator can add images or videos of the setting.
- ensure specific parental permission is obtained if the setting intends using pictures of the children on these pages.
- ensure that no current parent is forbidden from accessing the setting's social networking pages unless there is a specific reason for doing so. Please contact your Support Officer to discuss specific incidents or concerns.
- expect the administrator to keep a firm control on the comments placed on the setting's pages, and to delete any inappropriate comment as soon as possible.
- remind parents of the setting's **Compliments and Complaints Policy** in order to ensure that any complaints are directed to the **Cylch Meithrin committee/ Registered Person** directly. The setting's social networking pages should not be used to discuss any matter which expresses concern about the setting.

The Cylch Meithrin acknowledges an individual's desire to publish information on the web in their own time. This could include contributing to message boards, blogs, social networking sites e.g. *Facebook* or *Twitter*, content-sharing websites using written, verbal or visual contributions e.g. *YouTube* or *Instagram*.

If staff participate in these types of activities outside of their working hours, they should be aware of how their behaviour, contributions e.g. status updates, photographs and any other activity may reflect on the Cylch Meithrin, particularly if they name their employer in their profile.

The Cylch Meithrin will:

- ensure that staff understand that including their name or a picture of themselves on a website could be enough to be identified as a member of Cylch Meithrin staff.
- ensure the no-one uses the setting's digital devices to access personal pages on social networking sites and/or publish information to personal web pages which share information through written, verbal or visual contributions.
- implement the above for all staff working at the Cylch Meithrin, whether they are full-time, part-time, temporary, or on work experience or a training placement.
- expect staff not to send or accept 'friend' requests from parents and carers of children attending the Cylch Meithrin, except where they know the person in a social capacity separate from the setting.
- prevent any member of staff from putting any images associated with the Cylch Meithrin on a personal social networking sites and/or publishing information on personal websites which share information through written, verbal or visual contributions.

If a member of staff:

- posts information on the internet which will enable him/her to be identified as a staff member at the Cylch Meithrin, or if he/she discusses work or anything related to the Cylch Meithrin or its business, customers or staff, the staff member is expected to conduct himself/herself in a manner which conforms to his/her work contract and the Cylch Meithrin's policies and procedures.
- blogs or establishes a website which indicates that he/she is a member of Cylch Meithrin staff, the **Registered Person / Chairperson / Leader** should be informed immediately.
- creates a blog post which clearly identifies that he/she works in Cylch Meithrin, and he/she expresses any idea or opinion, a disclaimer, such as "this is my own personal opinion and not that of (NAME OF SETTING)" should be added.

A breach of this policy can lead to disciplinary action and serious breaches may lead to dismissal in line with the Cylch Meithrin disciplinary procedures.

The following matters will be treated as gross misconduct which could lead to dismissal, (the Cylch Meithrin will follow the Disciplinary Procedure, see the **Staffing Policy**). These are examples; the list is not complete:

- Revealing confidential information about the Cylch Meithrin in a personal online posting. This can include information relating to the Cylch Meithrin's clients, business plans, policies, staff, financial information or internal discussions. A member of staff should discuss with the **Registered Person/Chairperson** if he/she is uncertain what might be regarded as confidential.
- Criticising or embarrassing the Cylch Meithrin, its clients or its staff in a public forum (including a website). Staff should respect the reputation of the Cylch Meithrin and the privacy and feelings of others at all times. If a member of staff has a genuine complaint to make about a colleague or the workplace, the correct procedure is to express a grievance following the grievance procedure.
- Accessing or updating a personal blog or website from the Cylch Meithrin's computer during work hours.
- Sharing confidential information about any individual associated with the Cylch Meithrin. See the **Confidentiality and Data Protection Policy** for further information.
